

HIRE A JET SKI

Last Updated Monday, 13 February 2017 03:25

Skis available for hire daily or longer - \$500.00 bond, \$350.00 per day or \$550.00 per weekend.

We offer late model 4 stroke jetskis for hire.

They are available daily, for the weekend or on a weekly basis.

By hiring a jetski from us, the customer can experience the thrill and fun of the jetski but without incurring the costs of owning one (i.e. Insurance, servicing costs, maintenance of trailers (WOF, reg etc), storing ski over winter months).

We offer the option of hiring skis before purchasing at a discounted rate and if the ski is purchased the hire fee is deducted from the price.

By hiring a jetski for your holiday away, on average, the cost would be less than what you would spend yearly to upkeep your own ski.

We have jetskis set up for fishing and can also provide biscuits, ski ropes, kneeboards, waterskis etc at a small extra cost. All skis come with safety gear included in the cost.

HIRE A JET SKI

Last Updated Monday, 13 February 2017 03:25

We can offer a hire jetski replacement if your ski is being repaired or serviced by us, at a small charge.

Hire jetskis are also a great opportunity if you have a friend that does not own a ski but who also wants to experience the thrill of a jetski ride.
